

"I have been very pleased with Bright Beginnings. It is a great place and has helped my shy son open up to new people. I have actually already referred a couple people to Bright Beginnings"-Holly S.

"I love how flexible Bright Beginnings is with our strange schedules." - Cheryl K.

"I always tell individuals about how happy I am with Bright Beginnings Daycare in De Pere, Wisconsin. Their staff is thoughtful, creative, and truly understands children. Being a teacher, my son always has had a difficult time each fall adjusting to the daycare routine after his summers off. His teachers, Jamie and Elaina, went above and beyond to make sure his transition was easy and effective. The other staff members know my sons name and interests. It is such a positive atmosphere and I feel that my son is truly loved.

Bright Beginnings excels at planning daily lessons that teach children from ages 6 months to pre-school. I absolutely love the annual Halloween and Christmas parties. The effort the staff puts forward in creating fun and personable activities at these events make you feel a sense of pride that your son is involved with such a great school.

I think a lot of times people hear the term "daycare" and they cringe. I would be lying if I was not worried at first about sending my son to a "daycare" environment. He has went from a shy to a sociable boy who loves his friends in his class and teachers. Bright Beginnings is a school that has helped bring out a lot of positive things in my 2 ½ year old. I strongly recommend Bright Beginnings." - Andrea G.

"We have been going to Bright Beginnings for almost 6 years - since they first opened in De Pere. The teachers are always friendly and they always call you by name. The teachers acknowledge each child and always make them feel special.

The teachers are excellent in working with children and helping them to grow- education, physical, and social.

Our kids have always loved going to Bright Beginnings and as a parent - that means the most." - Julie K.

"Bright Beginnings is such a wonderful place. We have been with Bright Beginnings since Lexi started day care at 3 months and now she is 5 ½.

The teachers are terrific and really get involved with the kids.

Bright Beginnings has done an excellent job growing and developing my daughter. Lexi is more than prepared for Kindergarten and can't wait to go!" - Lisa S.

"When I was in college I worked at the Bright Beginnings on the east side. So when I had a child of my own I really struggled touring other daycare centers. Nothing could compare to the care from BB and that was very apparent to me when I visited other centers.

Our life's been pretty hectic and finances are tight, very tight, but I still have my daughter at BB and make other cuts to keep it that way.

BB and their fantastic understanding staff have always done what they can to help me out and they continue to work with me.

Having to use daycare can be hard on some new moms, but hearing my daughter talk about all her friends and teachers makes everything a little easier - ok, a lot easier. And now we even have her teachers babysit on the weekends. I swear she has all the teachers wrapped around her little finger." - Kylie M.

*The teachers seem excited to tell me what a great day they had.

* The teachers seem to enjoy (genuinely) what they do.

*Everyone is very friendly

*Bright Beginnings holds fun events for the whole family- summer party, Halloween Party, host Santa at Christmas time.

* I feel confident that they keep the center clean.

*My kids absolutely love the playground... they rave about the climbers and bikes!

* I know that my kids are stimulated throughout the day with art, stories, activities, and play time.

*I fell like everyone there cares because all of the teachers know my kids' names, even if they aren't usually with them ~and our names, too!" - Sue H.

"Our kids have had a wonderful learning experience and in a great atmosphere! Teachers and staff have been wonderful!" - Rachel A.
